With more than 25 years spent in the financial services industry, Nicki has experienced the business from a variety of angles. Holding progressive positions in sales, marketing, and relationship management across insurance, banking, and wealth-management companies has given her a broad perspective on the level of service and support needed to drive success. She holds FINRA Series 6, Series 63, and Securities Industry Essentials licenses.

As Managing Director, Nicki drives Pacific Life's advisory annuity business through its intermediary-led distribution relationships. She's passionate about collaborating with you and the RIAs you support to expand your businesses, while keeping the needs of the end client front and center. Whether you need help addressing tax inefficiencies, want ideas around income or legacy planning, or seek opportunities to modernize clients' older annuities when beneficial, she's excited to be your go-to resource for creative solutions.

Nicki is a Colorado native and graduate of Colorado State University. She's a die-hard fan and season ticket holder of both the Denver Broncos and the Colorado State Rams and is a former professional fast-pitch kickball player. When not thinking about how to kick your business into overdrive, she's traveling to exotic locales with her husband and getting outdoors in the Colorado sunshine.
